## JCI EU-KHT project: The Idea

The European Union is regulated by a number of institutions, primarily the Council of Europe, the European Commission and the European Parliament. JCI Europe offers you the unique opportunity to explore European politics first hand:

Join in the JCI-EU-Know-How-Transfer project!

Besides the open discussions with EU-Commission Officers, JCI members accompany a Member of the European Parliament and learn about European lobbying.

## Goals of the JCI-EU-KHT project:

- Promote the European idea
- Reduce prejudices and misunderstandings
- Discover the functioning of European politics
- Tighten the network between JCI members and MEPs.
- Introduce JCI to the European institutions/politicians
- Make our organisation visible

European-Commission-President Barroso discussing with JCI members

President Poettering and Group Leaders of the European Parliament amongst JCI-KHT-participants

## JCI EU-KHT: outline of the program

### European Commission

- High-ranking Keynote-Speakers
- Discussions with EC-Representatives on current issues

### European Parliament

- Welcome by EP President (tbc)
- Individual program of MEPs with their assigned JCI-member
- Private talks of JCI officers with political stakeholders

### Evening Receptions
